

Exporting Charts

(Hosted)

From Clinical screen, click on **Print** icon and choose **Print/Export Chart**.

From **Print Chart** window, enter date range, choose contents of chart you want included then click **Export to Folder**. OK.

Choose **Yes** to continue.

Chart will be exported to a folder on your C-Drive similar to C:/FromCloud/Exportfolder and may be accessed on the computer that has the uploader installed (usually the biller).

Export complete.
